jrebel 5.2.2 发布，试用

```html
<h3>5.2.2 (12th April 2013)</h3>
<ul>
 <li>Improved Spring support for @ComponentScan annotations</li>
 <li>Improved Spring support for interceptors configured with annotations</li>
 <li>Improved JRebel handling cases where same jar files were both in server/application lib
n JBoss</li>
 <li>Fixed an issue where Seam components were constantly rescanned on JBoss 7.1.1</li>
 <li>Fixed an issue where an infinite loop occurred in WLS EJB on certain conditions</li>
 <li>Fixed an issue where using a element in the rebel.xml caused inconsistent synchro
ization to occur</li>
 <li>Fixed an issue with Lift integration where it would throw a NullPointerException in some
ases.</li>
</ul>
<p> </p>
