# 各种福利

IBM cloud可以拥有1台docker, 1台websphere application server 可用资源

还有各种数据库 Elasticsearch, etcd, postgresql, jaunsgraph, rabbitmq, scylladb, mongodb, redis, mysql, rethinkdb——

Cloud Foundry 支持共 2G 应用

The screenshot displays the Cloud Foundry website's language and framework support page. It features a grid of 12 cards, each representing a different technology. Each card includes the language/framework logo, its name, and a brief description of its capabilities on the platform. The supported technologies are: Liberty for Java™ (IBM), SDK for Node.js™ (IBM), ASP.NET Core (IBM), Swift (IBM), XPages (IBM), Go (社区), PHP (社区), Python (社区), Ruby (社区), and Tomcat (社区).

其他福利，自己体会。

怎么获取，下面图上说的很清楚了。link 在打赏区。

The screenshot shows a promotional message from Cognitive Class. At the top, there is a navigation bar with links for Learning Paths, Courses, Mobile Apps, Badges, Business, Competitions, and Free Cloud Credits. The main heading is "A Gift from Cognitive Class" with the subtext "No credit card, no autorenewals!". The message states that for a limited time, a promo code for IBM Cloud is being offered to Cognitive Class users, valued at over \$1,200. It emphasizes that there are limited promo codes and encourages users to take advantage before it's gone. The message also mentions that users can build and deploy apps to a production environment in the cloud, leverage machine learning, and use IBM Watson services. A prominent blue button says "Sign up to claim your offer!". Below the button, the message provides three steps to redeem the offer: Step 1: Click here to sign up or log in with Cognitive Class. Step 2: Retrieve your promo code on the welcome page (existing users will find it on their Dashboard). Step 3: Sign up with IBM Cloud and apply your promo code. On the right side of the message, there is a blue cloud icon with sun rays.
