g Command

A Efficient CMD Tool.

Part1. Supported Commands

```
echo g command - A Efficient CMD Tool.
echo -----
echo cmd          remark
echo -----
echo g bin        打开目录"D:\Softwares\_Bin"
echo g wsp        打开目录"D:\Workspace"
echo g doc        打开目录"D:\Workspace\Doc"
echo g prg        打开目录"D:\Workspace\Program"
echo g prj        打开目录"D:\Workspace\Project"
echo g g          打开文件"D:\Softwares\_Bin\README.md" and "g.bat"
echo g wlog       打开文件"D:\Workspace\Doc\Worklog\工作日志_2020.md"
echo g md [fileName] 启动程序Typora并打开[fileName]
echo g jp         启动程序Jupyter notebook
echo g ps         启动程序PhotoShop
echo g npp [fileName] 启动程序Filezilla并打开[fileName]
echo g ftp        启动程序Filezilla
echo g xm         启动程序XMind
echo -----
echo enjoy it! ;)
```

Part2. Use method

- Download [g.bat](#)
- Edit g.bat according to your requirement.
- Add the parent path of [g.bat](#) to OS Path.
- Enjoy it ;)

Part3. g.bat

```
@echo off
if "%1"=="bin" goto bin
if "%1"=="wsp" goto wsp
if "%1"=="doc" goto doc
if "%1"=="prg" goto prg
if "%1"=="prj" goto prj

if "%1"=="g" goto g
if "%1"=="wlog" goto wlog

if "%1"=="md" goto md
if "%1"=="jp" goto jp
if "%1"=="ps" goto ps
if "%1"=="npp" goto npp
if "%1"=="ftp" goto ftp
```

```
if "%1"=="xm" goto xm
```

```
echo g command - A Efficient CMD Tool.
```

```
echo -----
```

```
echo cmd      remark
```

```
echo -----
```

```
echo g bin      打开目录"D:\Softwares\_Bin"
```

```
echo g wsp      打开目录"D:\Workspace"
```

```
echo g doc      打开目录"D:\Workspace\Doc"
```

```
echo g prg      打开目录"D:\Workspace\Program"
```

```
echo g prj      打开目录"D:\Workspace\Project"
```

```
echo g g        打开文件"D:\Softwares\_Bin\README.md" and "g.bat"
```

```
echo g wlog     打开文件"D:\Workspace\Doc\Worklog\工作日志_2020.md"
```

```
echo g md [fileName] 启动程序Typora并打开[fileName]
```

```
echo g jp       启动程序Jupyter notebook
```

```
echo g ps       启动程序PhotoShop
```

```
echo g npp [fileName] 启动程序Filezilla并打开[fileName]
```

```
echo g ftp      启动程序Filezilla
```

```
echo g xm       启动程序XMind
```

```
echo -----
```

```
echo enjoy it! ;)
```

```
