it into the list with that heading

<h3 id="Bugfix">Bugfix</h3>

The close button is invalid when the mobile flashcard management dialog box is empty
After syncing, auto reopen tab opened by <code>siyuan://</code>
After modifying the access authentication code on the browser side, the other side does not refresh
There is an extra blank space on the right side of the Settings - Marketplace interface

<h3 id="Document">Document</h3>

Added detailed description of block name, alias and memo to user guide

<h3 id="Development">Development</h3>

Import Petal module
